by Paul Adam : **Australian Rainforests (Oxford Biogeography Series)**

ISBN : #0198548729 | Date : 1994-11-24

Description :

PDF-0be28 | Once the dominant vegetation type of the entire continent, the Australian rainforests have shrunk over many millions of years to their present limited size. The forests and their history, however, continue to hold valuable lessons for biogeographers and environmentalists. This book gives a general account of the Australian rainforests, detailing their composition and location as well as how their ... *Australian Rainforests (Oxford Biogeography Series)*
