Description :

PDF-94be7 | People of European descent form the bulk of the population in most of the temperate zones of the world - North America, Australia and New Zealand. The military successes of European imperialism are easy to explain; in many cases they were a matter of firearms against spears. But as Alfred W. Crosby maintains in this highly original and fascinating book, the Europeans' displacement and replacement ... *Ecological Imperialism: The Biological Expansion of Europe, 900–1900 (Canto Classics)*
