Description :

PDF-38698 | In 1946, the United States began a series of nuclear tests on Bikini Atoll to determine the impact of atomic bombs. Delgado, a noted marine archaeologist with the National Park Service, visited Bikini in the late 1980s to explore and document the condition of the sunken ships. His work is more than an archaeological study; it is the history of the nuclear age. This book chronicles the development ... *Ghost Fleet: The Sunken Ships of Bikini Atoll*
