Description :

PDF-b1154 | The years since World War II have seen rapid shifts in the relative positions of different countries and regions. Leading political economist Mancur Olson offers a new and compelling theory to explain these shifts in fortune and then tests his theory against evidence from many periods of history and many parts of the world. "[T]his elegant, readable book. . . sets out to explain why economies suc... *The Rise and Decline of Nations: Economic Growth, Stagflation, and Social Rigidities*
