Description :

PDF-b7198 | This short but powerful book is about the fastest growing city in history – Shenzhen. It's the story about how a Chinese fishing village became a global economic powerhouse of innovation and technology. Just four decades ago Shenzhen was a backwater area, populated by fishermen and rice farmers. Today, it's home to up to 20 million people and some of the world's leading technology companies... *Shenzhen Superstars — How China's smartest city is challenging Silicon Valley*
